

# *PicSock*

A quick camera/cell phone holder pattern  
by  
*Gina House*

## Materials:

-Approx. 28 yards of heavy worsted/bulky yarn (**My own handspun used for this in Fushia Corriedale with 8 wraps per inch**)

-Size US 9 circulars or dpns (24" each for the 2Circular Method)

-Notions: Scissors, tapestry needle, measuring tape, row counter or paper/pencil

## Gauge:

approx. 3.5 stitches per inch in stockinette

Finished size of sock: 4" wide and 4.75" long\* Wrist loop 4.5" long.

\*This size fits a camera or cell phone approx. 2" wide, 3/4" depth, 3,5" long...a Canon Powershot ELPH was used for the photo.

## Abbreviations:

k -knit

p -purl

co -cast on

dpn- double pointed needle

icord- a cord knitted across a small amount of stitches and, instead of turning the knitting to do the next row, the yarn is pulled across the back of the knitting to start the new row...making a hollow tube of knitting.

pu- pick up

## Directions:

CO 24 stitches using your favorite method. Divide half of the stitches on each needle for 2Circ Method or 8 on each of 3 dpns. Being careful not to twist, join round and begin.

\*(k1, p1)...\*repeat around for 1x1 ribbing, for 2 rounds.

Knit around in stockinette until cozy is 4.5" total in length or 1" longer than camera/cell phone length. Cut yarn, leaving 1 yard of yarn as tail. If half the stitches are not on each of 2 needles, then place them that way now.

Use Kitchener Stitch (or 3 needle bind off) to finish the bottom.

With a dpn or circ needle, attach yarn and pu 3 stitches on the upper side edge of the ribbing on the top of the sock. This will start the icord for your wrist strap.

Knit icord for almost 9 inches (for a small/medium wrist) or 2.5 inches longer than the circumference of your wrist. Cut yarn, leaving 8 inches of tail. Using tapestry needle, pull yarn through all 3 stitches and pull firmly. Sew (very firmly) the free end of the icord to the attached end where you picked up the 3 stitches.

Weave in all ends.

Congratulations, you're done!

I would love to see pics of your finished PicSocks...and add them to my Sleepy Eyes Gallery as well!

I hope you've enjoyed this pattern and if you have any comments, questions or find any errors (hopefully not!), please contact me here:
